

About SCPHA

The purpose and goal of the South Carolina Public Health Association (SCPHA) is to protect and promote personal, community and environmental health; to exercise leadership in health policy development and action; to provide a forum for matters pertaining to public health; and to foster scientific and professional development among its members. The Association is comprised of 10 sections and a Student Forum, offering membership involvement in activities representing a wide variety of disciplines and interests.

Member benefits include:

- An annual meeting featuring scientific sessions designed to keep members apprised of advances in the field of public health, new policies, and state/national legislation;
- Workshops, seminars and conferences sponsored by the Association and its Sections throughout the year;
- A quarterly newsletter, *The Bulletin*, that keeps members posted on current events;
- Access to a legislative committee that speaks out on important legislation on a year-round basis; and
- The opportunity to become actively involved in Section activities and/or a variety of work committees designed to support the goals of the Association.

For more information about SCPHA, visit our web site at www.scpa.com.

****Please Support Camp Burnt Gin!***

The public health nursing section is collecting items to support Camp Burnt Gin, a camp for children with special health care needs. If interested in donating an item(s), please bring them with you to the conference.

A wish list has been posted at www.scpa.com/docs/CBGWishList.pdf.

Please review it bring your donations and items to the conference; so many children are depending on you for a successful camp!

The South Carolina Public Health Association

Winter Conference presents

“A New Year for
Public Health:
Where Do I Fit?”

January 31, 2012

9:30am – 3:45pm

Reid Chapel AME Church
Reverend Dr. Norvel Goff Sr., Pastor
Lee M Seward Fellowship Center
704 Gabriel Street
(Enter from David Street)
Columbia, SC 29203

Who should attend?

Health Educators, Social Workers, Nutritionists, Dieticians, and any public health professional interested in learning up-to-date public health information, resources and events. The focus of the conference is to show alignment of how all disciplines and professions “fit” in the public health arena.

Conference Objectives

The participants of this conference should be able to do the following:

- Understand the new USDA “MyPlate” program and its key concepts and correlation to the more detailed Dietary Guidelines,
- Identify the components and portion sizes of a healthy plate,
- Identify sources of whole grains and fiber,
- Read and analyze food labels,
- Identify healthy food substitutions,
- Explain why community assessments are conducted, .
- Identify the steps of MAPP (nationally known community assessment tool),
- Describe a community assessment process,
- Explain what is a community of practice,
- Identify competency and related skills in public health,
- Explain how public health competencies can be used in workforce development, and
- Differentiate between Council on Linkages Core Competencies and Discipline-specific competencies.

Continuing Education Credits

CEUs for Health Education, Social Work, and Nursing, have been applied for and may be provided to conference participants by their respective disciplines.
